PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with hands-on experience building and maintaining production-grade web and mobile applications. Proficient across the full JavaScript ecosystem — from responsive React.js interfaces to scalable Node.js back-ends and MongoDB databases. Currently contributing to a live e-commerce platform for an international client, demonstrating the ability to deliver real business value in a fast-paced environment. Strong communicator who thrives in collaborative teams and takes pride in writing clean, maintainable code.

CORE SKILLS

HTML & CSS

React.js

JavaScript (ES6+)

Tailwind CSS

Bootstrap

React Native

Node.js

Next.js

MongoDB

REST APIs

Shopify

GitHub / Git

PROFESSIONAL EXPERIENCE

Web Developer · TRUE TRIBE — Paris, France 2024 – Present

- Own the full maintenance lifecycle of the brand's official e-commerce website, covering performance tuning, security patches, and software upgrades.
- Diagnose and resolve bugs efficiently, cutting average resolution time and keeping the site running at peak reliability.
- Partner with marketing and design teams to roll out content updates, new product pages, and feature enhancements aligned with business goals.
- Optimise page-load speed and Core Web Vitals, contributing to improved search rankings and a smoother customer shopping experience.
- Manage Shopify-based workflows and ensure seamless integration between front-end components and back-end operations.

EDUCATION

BS Software Engineering (In Progress) 2025 – Present

Virtual University of Pakistan, Karachi

Intermediate in Computer Science (ICS) 2023 – 2025

Govt. Boys Degree College, Karachi

CERTIFICATION

MERN Stack Developer 2021 – 2023

Professional Certification

Completed a comprehensive, project-based MERN Stack certification covering MongoDB, Express.js, React.js, React Native, and Node.js. Developed multiple full-stack applications as part of the programme, reinforcing skills in responsive design, API integration, and scalable architecture.

COMMUNICATION & SOFT SKILLS

- Able to translate complex technical concepts into clear, non-technical language for clients and stakeholders.
- Experienced in remote collaboration, maintaining transparency through regular project updates and documentation.
- Strong sense of ownership — proactively flags risks and drives issues to resolution without needing micromanagement.
- Quick learner who stays current with emerging front-end and back-end trends and applies them pragmatically.
